Worth A Visit

PITTI _ ISLAND

The new theme of the Pitti Immagine summer fairs

-

An island as a point of reference, a fixed spot, a physical and interior place but, above all, a point of encounter and debate.
PITTI _ ISLAND is a concept presented in all the communication (adv, video, social) curated by the creative director Angelo Figus and by Narènte, Lucio Aru and Franco Erre who have been entrusted with the whole visual part. A production that also heavily characterizes the layouts at the Fortezza da Basso, followed by architect Alessandro Moradei.

FANTASTIC CLASSIC

Male elegance renews its style and perspectives

Main Pavilion, Teatrino Lorenese, Giardino del Glicine

-

Storytelling about the excellences of international menswear. A formula of male elegance that transmits good taste and culture for an impeccable wardrobe. From British tailoring to Italian savoir faire featuring the companies that have ensured the fame of Made in Italy all over the world. From the passion for quality craftsmanship to high performance details and day to day urban outfits. The formal element guides us through contemporary contaminations: tradition and experimentation, classic codes and individual choice, timeless themes and new lifestyle products.

FUTURO MASCHILE

Menswear & lifestyle, a winning duo

Main Pavilion, Top Floor

-

A journey through the increasingly mindful and sophisticated evolutions of contemporary menswear. A relaxed elegance will be showcased that looks beyond the formal.
Another protagonist of Futuro Maschile will be a crossover proposal reserved for lifestyles, from accessories to home design, created with the innovative wholesale platform **NAMES**.

New performances for street and outdoor styles

Padiglione Cavaniglia, Padiglione delle Ghiaia, Cortile del Teatrino, Piazzale delle Ghiaia, Area Monumentale, Costruzioni Lorenesi, C

-

A world that connects the rhythms of the metropolis to authentic sports outfits. The territory of urban styles, the outdoors and the performance of the materials. Freedom and comfort become mantras to be translate garments with a technological soul. From jackets and coats in special fibers for daily dynamism to multitask new concept eco-friendly accessories.

SUPERSTYLING

Ground-breaking menswear

Padiglione Medici, Arsenale

-

The place where stylistic research meets individual taste and projects it in a forward direction. Brands with an international signature, capable of mixing tradition and pure experimentation. A constantly transforming ground-breaking vision that intercepts new expressive emergencies. Metropolitan tribes and subcultures inspire gender neutral sizes and no-season garments as well as collections that anticipate trends. Plus, proposals that back the values of eco-sustainability and cultural contamination.

S|STYLE sustainable style

Padiglione Medici

-

The Fondazione Pitti Discovery exhibition project – with the support of UniCredit – curated by fashion journalist Giorgia Cantarini which, at every new edition, presents the precise scouting work carried out among the latest young entities and the coolest designers that create and produce in accordance with eco-responsible criteria.

The installation ICEBREAKERS II - "ANSWER WITH A QUESTION"

Main Pavilion, Top Floor

-

Presented by The NFContainer Project 2022 and Manifattura Tabacchi team, curated by Linda Loppa. Part of ICEBREAKERS II: it starts from an urgency: each container represents a conceptual space where to pose a question. Today, statements must be sharp as time is running. Fashion and the Fashion industry is not asking the right questions and therefore not giving answers. We, the NFC-team are therefore challenging you to become radical. Don't be afraid of pushing the borders of your comfort zone!

SCANDINAVIAN MANIFESTO

Costruzione Lorenesi, Ground Floor

-

The innovation that arrives from the Nordic fashion scene finds a space in the Scandinavian Manifesto exhibition project, one of Pitti Immagine's principal and most established international collaborations. Once again at this edition, a selection of collections designed by reference brands and up-and-coming fashion designers from Denmark, Sweden and Norway, renew the partnership between Pitti Uomo and Revolver Copenaghen, the fair platform for Scandinavian fashion brands.
